Eric, Chip, Rose and Jim.:

As we have discussed in previous Portland Harbor Management meetings, the LWG and representatives of 5 Tribes will be meeting to discuss lessons-learned from lamprey sampling effort (see below for meeting details). Although this meeting was arranged in response to some concerns raised by the consultant and/or representatives of these 5 Tribes, EPA and its other partners are obviously welcome to attend. Therefore, please pass this message on to any of your team members who you feel may be interested in attending this meeting.

Jim.
